Hackmann, Holdsworth Cop Scholastic Honors

Laurie LaFevre

Lee Ann Hackmann and Hillary Holdsworth are valedictorian and salutatorian for this year. Lee Ann has a 4.3636 grade point average, and Hillary has a 4.3421 grade point average. It was close, as only .0215 of a point determined it.

Lee Ann and Hillary will each be going to college next year. Lee Ann will go to Miami University in Oxford, Ohio. She will have a double major, math education and systems analysis-which is computer work. Hillary is going to Kalamazoo College, to study Liberal arts. She is working now for the Detroit News as a typist.

Lee Ann has been a cheerleader for three years and is Vice President of her senior class. She had also served on the Cavern Teen Board and was GAL treasurer for two years.

Hillary has handled the Feature Editor position on the Mustanger, served as Pom Pom girl in her Junior year, and played in the pit band for the production MAME. She also had memberships in Ski Club and Pep Club. Hillary graduated in January.

Both girls were inducted into Honors Society as sophomores.

NHS Thespians Honored

Lori Smith

Following the tradition of preceding years, the annual "Oliver" and "George" awards were distributed on the final performance night of "Hello Dolly". Given twice a year for excellence of performance, dedication and perseverance the awards were presented by Mr. Kurt Kinde, after two and one-half months of hard work.

Many hours of pa-

tience and elbow grease go into set designing and construction, painting, lights, props, make-up and publicity. So, the "George" award was initiated by Mr. Kinde after the play, "George Washington Slept Here". This award is presented to the most dedicated persons backstage. The awards for "Hello Dolly" went to Jim Nair (set construction) and Nancy Kreeger (Painting). The two winners also per-

formed in the musical. Initiated with the musical "Oliver" in 1969, the "Oliver" award is presented for onstage and behind the scenes excellence. A precedent was broken this year, with a chorus member, John Forrer, taking one of the three awards. The other two were presented to Jim Porterfield for his portrayal of Horace Vandergelder, and Peggy Sitarski for Minnie Fay.

"Oliver" award winners Jim Porterfield, Peggy Sitarski, and John Forrer.

We're Going To Miss You

Candy McCurdy

Mrs. Rollings, 'head honcho' of the office is retiring after many happy years of service with the Northville School system. We wish you much happiness in the future.

Since she has come here, many years have gone past, But all those years have flown by so fast. Mrs. Rollings is always willing to help out, When she is busy or just wandering about. Whenever you're wanting or needing a pass, Mrs. Rollings will write one and send you to class.

Betting is a past time especially with Forrer, Lost one today and tomorrow some more.

Mrs. Rollings

If you are waiting or just looking around, You just might hear a very strange sound. When she is angered or just running about, "Hells Bells" you will hear her loudly shout. Poverty Hollow is her favorite vacationing spot, When she is there, she can rest up alot. We will be sad to see her go,

'Cause the office without her will always be slow.

With everyone leaving what will we do? And who can replace her, who but who?

We will remember her along, long while, By the work she has done, and her great big smile.

Mr. and Mrs. Rollings on roller skates.

Scholar Banquet Planned For NHS

Jan Nyquist

To honor rewardable Northville High School student achievement, the annual Honors Banquet is currently being planned. The buffet style dinner will be held June 13, in the high school cafeteria. Approximately 108 NHS students will receive presentations.

Most of the plans for the banquet, which is given each year by the school district, were made by Mrs. Olsen and the other counselors. Members of the National Honor Society will assist.

Preceding the banquet will be a time of hospitality and getting

acquainted in the library. Dinner will be served at 6:30, followed by the presentations of awards. These presentations consist of local service awards, individual scholarships to colleges, the scholastic writing awards, National Merit Scholarship Awards and the Athlete of the Year.

Tickets for a complimentary dinner will be given to each student being honored. Their parents are also welcome to attend the banquet. The tickets can be picked up in the counseling office by June 7.

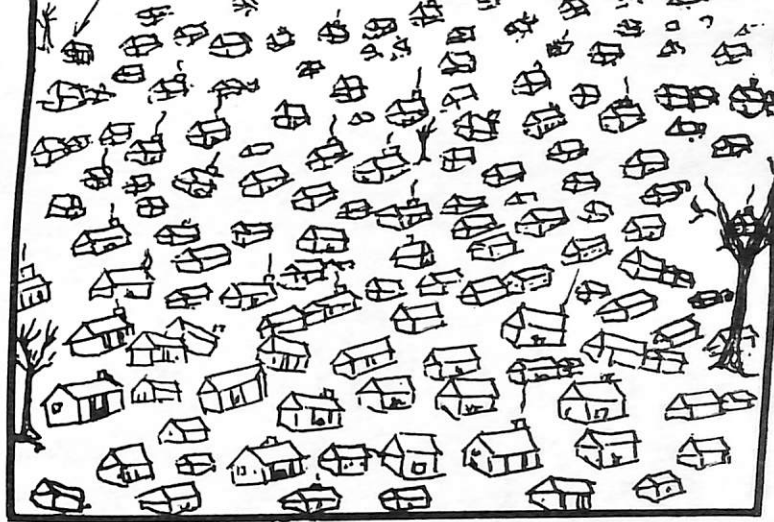

two school days after the deadline (May 17).
 Considering all points Northville is one of the nicer schools, better than others I've attended. This high school has potential, a high level of achievement can be expected if these problems are solved by the students

Publications A Challenge

....Another excellent year has been experienced by the MUSTANGER. Credit goes to an appreciative student body and faculty for making this success possible.

....High school publications offer a tremendous challenge to student editors and their staffs. Constant changes in school life and environment make coverage of the many happenings a very difficult task. With new clubs and activities constantly "making the scene", the cry for story material is unending. Pressure deadlines and a rigid production schedule face all student editors.

....The MUSTANGER has been very fortunate in gaining energetic, hard working and competent student editors and staffs. Let me express a sincere pleasure in being able to work, this year, with the following members: Lori Smith, managing editor; Kurt Andersen, advertising and business manager; Dave Kalota and Barb Lie, photography editors; Greg Austin, headline editor; Hillary Holdsworth and Chris Bueter, feature editors; Johanna McLaren, art editor; Bob Clemens, sports editor; Jean Fritz, Mark Haynie, Vena Hosler and David Knauss, page editors. Kathy Radzibon, serving as editor-in-chief has time and time again encountered difficult deadlines and taxing assignments which she has handled with extreme patience and on-the-spot judgment. To Kathy, a very special thank-you.

Livonia's ^{countless} attributes. It would take me hours to list them all. The only way you will believe in this wonderful city is to go and see it. Take Seven Mile straight east today, but leave your car at home so that you too can hang around like the Common Livonian, if the spirit grabs you.

Mustanger Editor Selected

Kathy Radzibon

After consideration of all applicants, Vena Hosler was named editor-in-chief of the 1974-75 Mustanger. Vena, an Editing and Publishing student, has worked on the staff as a typist and writer for one year.

In addition to Vena Mr. Redmond, Mustanger sponsor announced the remaining editorial staff. Chris Bueter, a second year Journalism student will serve as Managing Editor. Kurt Andersen will remain as Business Manager and Advertising Ed-

itor. Jan Nyquist will work as Layout Editor and Paula Dyke will be Feature. Debbie Riggs will return again as Editorial Editor.

Three positions on the staff remain unfilled: Sports Editor, Photography Editor and Art Editor. They will be chosen at a later date. The Mustanger invites any interested students with a journalism background to apply. Applications should be written in the form of a letter and addressed to Mr. Redmond in room D-53.

Got A Pass?

Paula Dyke

It never fails. Just when you think you've made it past that slouchy, bored-looking creature more commonly known as a hall monitor, he always manages to open one eye and mumble the inevitable question: "Got a pass?"

Now, if you do have a pass, whether it's genuine, forged, or ripped-off, you've got no problem. Just "get where you're supposed to be" as Mrs. Dennis puts it, and the halls open up to you. But consider Joe Student, a perfectly harmless kid like you and me, on his way to the library, the cafeteria, or the office. He just didn't bother to go through all the red tape of getting a hall pass—and who can blame him? But chances are, when THE question is popped, our man Joe will have to admit that he is indeed traveling the halls without a pass.

But because variety is the spice of life, and because hall monitors don't get much excitement out of their jobs anyway, we've compiled a list of handy responses for you to use next time you're

asked: "Got a pass?"

—(very seriously) "Why, are you starting a collection too?"

—"No, man, I just smoked it in the john."

—(Tom Marzonie style) "Yeah, I've got one good for 50 yards."

—(shyly) "Oh, I must have dropped it in the...I mean, I had to go to the—well, I must have misplaced it when I was—well, YOU know..."

—(looking down at your jeans) "Those hall passes never match my outfits!"

—(dramatically) "Of course! Do you think I'd be roaming THESE halls without some kind of a weapon?"

—"I was just out streaking, and...well, I left it in my pants pocket..."

—"I had one, but I sold it to the highest bidder in Study Hall."

—"I sure DO have a pass! It's an original copy of the famous pass Gordon Liddy used to enter the Watergate building!"

—(with a sexy voice) "I don't have a pass, but I'll make one at you!"

By the way, we're pooling our money to buy Mrs. Dennis a token of our great appreciation. It's a huge gold-plated engraved hall pass for her mantle. Any contributions may be brought to Mr. Redmond's room.

Mustanger To Be Printed At NHS?

Chris Bueter

What would you think of getting a Mustanger once every two weeks? That might be the situation next year if the Mustanger is printed here at NHS.

For years now the Mustanger has been printed at the Northville Record. Because of the high expenses, the Mustanger has only been able to publish one paper a month. However, if the Graphics department can acquire a new printing press, then the NHS paper could make one of the biggest changes in it's history.

Mustanger sponsor Mr. Redmond says that printing the paper here at the school could save up to \$200 an issue. Mustanger expenses would be reduced to only paper and ink. Graphics teacher Mr. Deskovitz also thinks the idea is a good one. Both teachers hope that many students will get involved in both classes.

As it is now, the printing press in the Graphics room would produce a paper with a size of only 5½ inches by 8½ inches. That's a far cry from the present Mustanger size of 14½ by 11 inches. However, with delivery of the ordered press, Mr. Deskovitz reports that a paper size of 7 inches by 10 inches could be produced. Though the size would still be smaller, there are two factors to make up for this. First of all, the paper could have a few more pages than the present Mustanger. The second and more important factor is that the Mustanger could afford to publish bi-monthly. This would make news more timely and fresh.

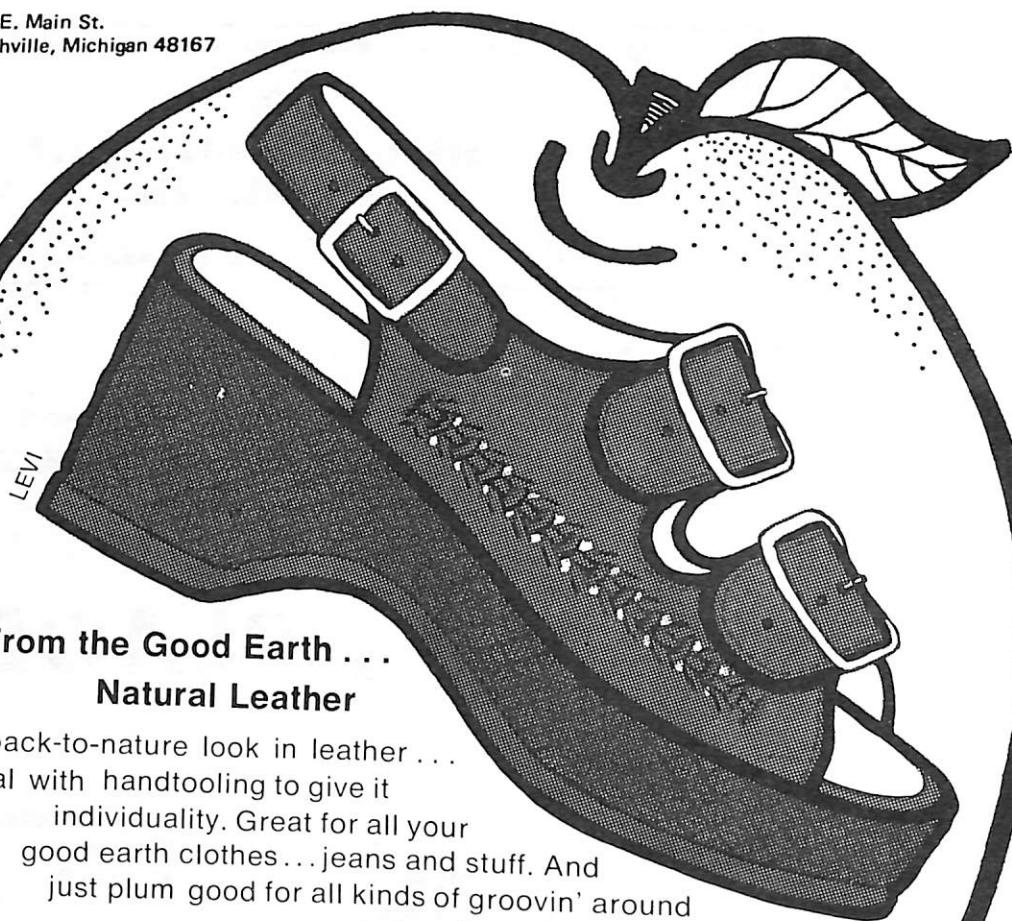

When you add up the good and the bad, printing the Mustanger here at NHS could prove to be very profitable for all concerned. Hopefully we can start next year.

Lori Smith

Approximately 130 couples attended the Senior Prom held at Win Schuler's in Ann Arbor last Saturday night. The Prom ran from 7:30-1:00, with a dinner of prime rib and dancing to the music of Prana.

During the course of the evening, roses were presented to Mrs. Rollings for her

impending departure from the school system. A photographer was also present to take pictures of the couples.

Mustang '9' Close Season

Mustanger

Pitcher Ed Kritch and second baseman John Sherman led this year's Mustang '9' assault as they paced NHS batsmen to a second place finish in Western Six League conference action.

Both Kritch and Sherman were named to the all-league team. Livonia Churchill, West

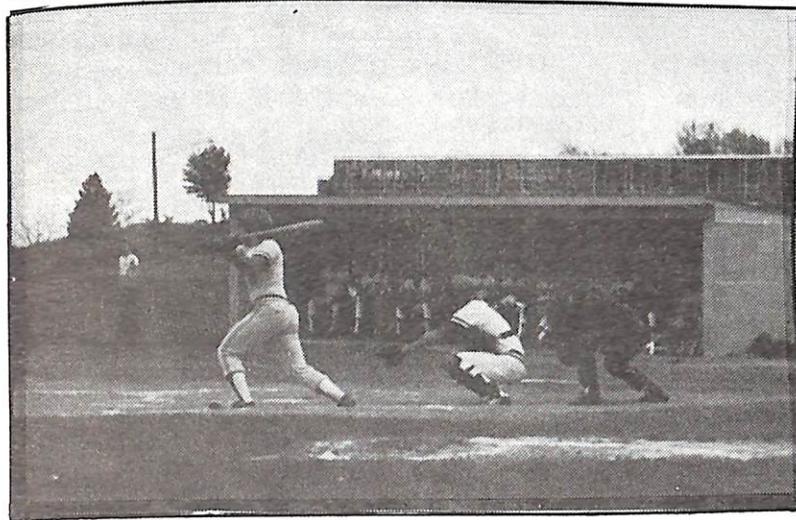

ern Six league champions, nailed down six all league honors. With Charger pitcher Dave Panzoff and shortstop Brian Kelly leading the way.

Mustang first baseman Todd Eis and outfielder Randy Oginski were selected to the second team all league. The Mustangs finished the season 5-4 in

league action and 13-7 overall.

A funny thing happened on the way to the printer...

Last issue WIN, PLACE AND SHOW went to the printer without the authors' name. It was just a technical foul-up; it happens. But for those of you who are wondering--my main purpose in writing this column is to give equal time to girls athletics. I'll let you know what's happening both here at NHS and nationally in the way of girls sports and I might add, this is NOT an "anti-boys' sports" column. SPORTS ARE FOR EVERYBODY.

Looking Ahead to Summer

Mrs. Baetz, in co-operation with the Northville Recreation Department, has been trying to set up summer programs in both gymnastics and synchronized swimming. The lessons would be open to any age group, and the participants would be taught according to their skill level. But as usual, she's running into problems.

"Mr. Busard doesn't want us to use the equipment--he thinks the extra use will hurt it," she says. "Mr. Prom (head of the Recreation Dep't) is talking to him about it now." But since the final okay must come from Busard, we'll just have to wait and see what happens.

Winner's Circle

We'll be losing a great athlete come graduation--her name is Muriel Bedford. Muriel has not only competed in Basketball, Volleyball, and Tennis these past four years, but she has excelled in Track, her favorite sport. She's been on Varsity Track ever since 9th grade, in addition to running AAU Track and Cross Country with the Lincoln Park Wolverines for two years. She recently took 1st in the 880 at Regionals, breaking her own record with a time of 2:20.6. She went on to take 2nd place in State, with a school record-smashing time of 2:28.6.

Nobody can dispute the fact that she is a true winner! We'll miss you, Muriel! Good Luck!!!

Female Thinclads Look To Future

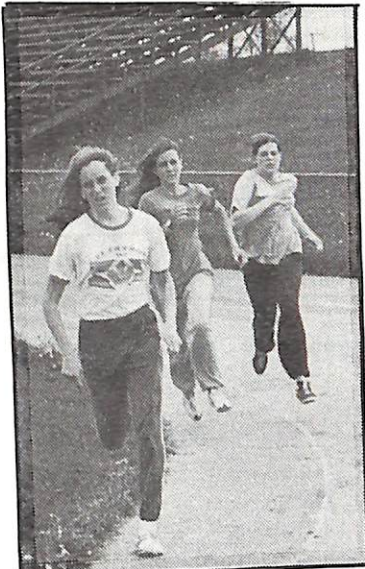

Lisa VanIngen

Girl's track has had a fairly good season this year, despite their ups and downs. Although the overall season hasn't been quite up to par, there is a bright future in store for the squad.

Miss Turner and Mr. Bedford have a bright outlook for next year's season, because most of the runners are in summer track. That means extra time for practices and staying in shape longer and preparing for next year's season.

The squad this year had five outstanding performers: Muriel Bedford in the 880, 440,

long jump and shot put. Sue Mahoney has been the long distance runner in the mile run, and running fast behind is that outstanding

ing medley relay consisting of Linda Prom, Denise McDermaid, Louise Hopping, and Sherrie Scott. Stacy Balko has contributed a great deal in the high jump.

Only one girl has qualified for state this year. Muriel Bedford has qualified in the 880 and the 440. Regionals were held on May 18 and the Northville squad copped a 6th place finish out of twenty-seven schools. The West Bloomfield invitation was even more outstanding for the young team, as they ran to a fourth place finish out of twenty-seven teams.

MANE LINES

Todd Hannert

The first time this column appeared was in June 1972. Because of its popularity and timely message we decided to rerun it.

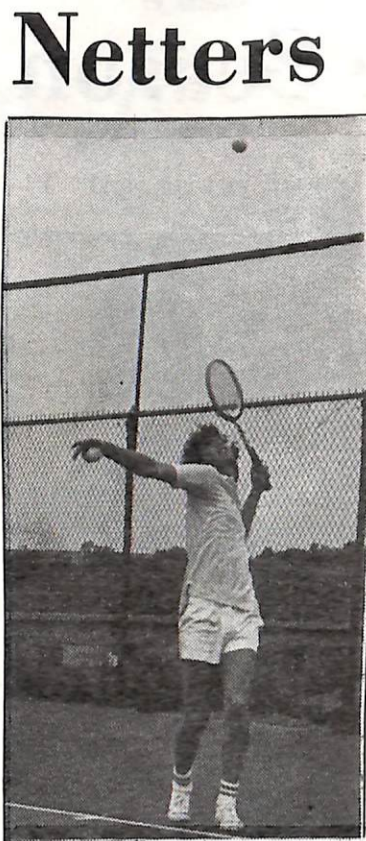

You really don't know how you're going to feel until it comes. You've seen how they hide their heads in their hands after a Super Bowl. Or a World Series. But they'll be back next year. Remember when you could say that? Right after that last game of the season, you'd say to someone, "We should really have a team next year", and the seniors would just give you a kind of funny look. I never quite knew what it meant. They were always so quiet after the last game. Win or lose. Even the loudmouths, the guys that always pushed you around. Most of the time you wondered if it was just an act and that they were really kind of glad that it was all over.

Then it happened to you. Then you found out. That last buzzer, that last gun, that last lap. A window shattered in your stomach. Someone just pulled the plug. You take those socks off for the last time. Those shoes. That uniform, that suit. You didn't think you were going to act this corny.

But it doesn't seem that corny, now. You want to think about that next game, that next meet, that next match. Just once more. But that was it. Then you hear it... "Hey, next year I'M gonna"... or "Next year we should..." Give them that funny look now. You know what it means. And it sure is no act.

Whatever you didn't do in high school, you'll never do now. That one feeling, that deflated, drained feeling that they'll never know until their "wait till next year" comes to an end. And if you didn't make the best of it, you'll probably feel a hell of a lot worse. Because you can't go back again. Don't get short changed... You won't get your money back.

Caught you on the rebound.....

Netters Cop Western Six

Dave Knauss

With a strong balanced attack, the Mustang tennis team copped Western 6 League honors and closed out their very successful campaign.

Both singles and doubles team players combined for their league effort. Senior Greg Boll playing in the number one singles spot claimed all league honors by defeating Dave Mengelt from Walled Lake Western in the third round. Senior Cary Eaker and Junior Rick Norton showed strength in the doubles department as they claimed all-league honors by defeating the doubles team from

Churchill in the final match.

Overall strength was shown as Frank Knoth, John Oatey, and Jami Boshoven played extremely well at their singles positions. Rob Bowman and John Folino, playing at second doubles and Dan Gougeon and Jim Bonamici playing at third doubles also added team points.

Regional competition also found the NHS netters competing very well. Northville finished second behind Dearborn Crestwood.

Success marked this tennis season and an overall season record of 17-3 was posted by the team.

Thinclads Show Success

"We've had a good season," commented coach Ralph Redmond, as he reported on the 1974 Varsity track season. The Mustang "thin-clads" have rewritten the record books, as both individual and team efforts have highlighted the year.

One record highlight that was immediately recalled by coach Redmond was the mile relay effort at the Ypsilanti Regional. "Those kids really put it all together," commented the coach. "They couldn't believe their overall time." The coach's comments were in reference to the

performances of Guy Cole, Bob Bloomhuff, Tom Coram and Bill Pettit as they had just clocked 3:26.3 in this event, eclipsing the school mark by almost 4 seconds.

Overall the thin-clads established seven new records. They finished fourth in the Ypsilanti regional and second in the Western Six.

Their season record showed 10 wins, 4 losses
